Assaf Shapira

Research interests

In my research, I am mostly interested in mathematical statistical physics. In my PhD I studied a certain type of interacting particle systems called kinetically constrained models originally introduced in order to understand glassy materials; where my main focus was on their behavior in a disordered environment.

Education

Paris Diderot University, under the supervision of Cristina Toninelli.

2014–2016 M.Sc. in Theoretical Physics.

École Normale Supérieure, Paris.

2010–2014 B.Sc. in Mathematics and Physics.

Technion, Haifa.

Work and Research

2017–2019	Teaching assistant , Paris Diderot University.
2016	Research internship in statistical physics , <i>LPTENS</i> , under the supervision of Kay Wiese.
2015	Research internship in probability , <i>LPMA</i> , under the supervision of Giambattista Giacomin and Cristina Toninelli.

- 2014 Instructor in an experimental physics course, Technion's physics department.
- 2013 **Section editor in "Netgar"**, Technion's mathematics department's journal.
- North Rhine-Westphalia scholarship program, *University of Bielefeld*, research in experimental physics and nanotechnology.
- 2012 **Kupcinet Getz summer school**, *Weizmann Institute of Science*, research internship in probability under the supervision of Itai Benjamini.

Awards

2007	Honorable mention, Asian Physics Olympiad, Shanghai, China.
2007	Silver Medal, International Chemistry Olympiad, Moscow, Russia.
2007	3rd place , National mathematics Tournament of Towns.
