# Assaf Shapira

#### Research interests

In my research, I am mostly interested in mathematical statistical physics. In my PhD I studied a certain type of interacting particle systems called kinetically constrained models originally introduced in order to understand glassy materials; where my main focus was on their behavior in a disordered environment.

#### Education

Paris Diderot University, under the supervision of Cristina Toninelli.

2014–2016 M.Sc. in Theoretical Physics.

École Normale Supérieure, Paris.

2010–2014 B.Sc. in Mathematics and Physics.

Technion, Haifa.

#### Work and research

2019–	Postdoc, Roma Tre University.
2017-2019	Teaching assistant, Paris Diderot University.
2016	<b>Research internship in statistical physics</b> , <i>LPTENS</i> , under the supervision of Kay Wiese.
2015	<b>Research internship in probability</b> , <i>LPMA</i> , under the supervision of Giambattista Giacomin and Cristina Toninelli.
2014	<b>Instructor in an experimental physics course</b> , <i>Technion's physics department</i> .
2013	<b>Section editor in "Netgar"</b> , <i>Technion's mathematics department's journal.</i>
2013	North Rhine-Westphalia scholarship program, <i>University of Bielefeld</i> , research in experimental physics and nanotechnology.
2012	Kuncinet Getz summer school Weizmann Institute of Science

2012 **Kupcinet Getz summer school**, *Weizmann Institute of Science*, research internship in probability under the supervision of Itai Benjamini.

### Publications and Preprints

- Amichai Lampert and Assaf Shapira. "On maximizing the speed of a random walk in fixed environments". In: Electronic Communications in Probability 18 (2013).

#### Awards

2007	Honorable mention, Asian Physics Olympiad, Shanghai, China.
2007	Silver Medal, International Chemistry Olympiad, Moscow, Russia.
2007	<b>3rd place</b> , National mathematics Tournament of Towns.

## Lannguages and other skills

Hebrew native
English fluent
French fluent
German good
Italian basic

Programing Python, C, Julia
